Schlarman Academy invites any member of any parish or the parents of any/all students at Schlarman to join for these weekly Masses. ***The only exception to weekly masses will be on any Holy Day of Obligation. Such Masses will be "joint" with the members of both campuses.***

## NURSE'S CORNER:

**SELF CPR REVIEW:** What are you to do if you have a heart attack while you are alone? The Johnson City Medical Center staff discovered this, did an in-depth study and determined it does work. It is called **Cough CPR**. If experiencing heart attack symptoms, always call 9-1-1 immediately. Since many people are alone when they suffer a heart attack this self procedure has proven life saving. The person can help themselves by coughing repeatedly and very vigorously. A deep breath should be taken before each cough and the cough must be deep and prolonged, as when producing sputum. From deep inside the chest a breath and a cough must be repeated about every 2 seconds without let up until help arrives or until the heart is felt to be beating normally again. Deep breathes get oxygen into the lungs and coughing movements squeeze the heart and keeps blood circulating. The squeezing pressure on the heart also helps it regain normal rhythm. (From Health Cares, Rochester General Hospital's newsletter).

**Flu Shot Clinic:** Our annual clinic will be in September co-ordinated with Dr. George Ghindi's office. More information to come.

**Looking ahead:** Red Cross Blood Drive, Nov. 4th. Mark your calendars!
