**EMERGENCY SUGGESTIONS FROM FAITH IN ACTION**

**SOUTH:** Do you have extra mailing address labels? A nurse offered a helpful suggestion for using them. Affix them on the back of your home phone receivers. That way if you are having a medical emergency and a friend or neighbor is there to call 911, they can give your address without wasting valuable time trying to locate it. Another safety suggestion is to obtain a Lifeline Medical Alert System if necessary. Provena Life Connections is offering free activation on Lifeline for the month of December, a \$50 savings. Free activation includes a Provena Lifeline installer who comes to the home to install the Lifeline Medical Alert Service for free. For more information call Lifeline toll free at 1-877-612-1700. For those of you that have cell phones, make sure you have your emergency phone numbers programmed into them. Be sure to include an ICE contact (In Case of Emergency).

**You may have noticed the new addition of St. Mary's corner stone dated 1906.** It was found at 310 E. Williams while doing some work to the breezeway. The property was originally owned by John Vilkanskas and the house was built by his son John and wife Eleanor in 1954. It is presently owned by Stephani Blackney. The original church began to sink due to the coal mine. Fr. Siesel decided to build a new church and rectory which would be solid and construction began on the present church on April 1, 1948. The Day of Dedication was celebrated with Bishop Schlarman on April 30, 1950. The original corner stone returned home to St. Mary's after some 62 years and is placed by the corner stone for our present day church.
