**NURSE'S CORNER**

**STROKE:** It is the 3rd leading cause of death and the leading cause of disability in the United States. Recent advances in stroke research have shown that we can not only help people to return home, but in many cases either reverse or minimize the extent of their disability. Seek treatment immediately after the onset of symptoms.

**Think FAST:**

- **FACE:** Sudden weakness or numbness in the face, sudden severe headache
- **ARMS:** Sudden weakness or numbness in one arm or leg
- **SPEECH:** Sudden trouble speaking, seeing, or understanding
- **TIME:** To **ACT FAST**; call **911** and ask them to take you to the nearest Primary Stroke Center. Remember **TIME** is of the utmost importance.

**Some trivia from our recent wellness and exercise class:** Did you know that the **FREE FOODS** served at restaurants are usually a detriment to our diet. For example:

- Bottomless salad with dressing & breadstick (1) - 500 calories; breadstick by itself 150 calories
- Unlimited Pancakes—2 with maple flavored syrup—473 calories
- Chips and Salsa—430 calories
- Endless fries—396 calories
- Cheddar biscuits (1) - 150 calories

The sodium content is very high also. We haven't gotten to our main course yet.

**Come join us at our weekly Sunday program from 3:30-5:00PM at the church gym!**

**CHOIR PRACTICE** for the Easter Season will be held on Tuesday evenings from 6:30-8:00pm beginning February 22. We are looking for additional members to join in. High School age and older are welcome. St. Mary's is very proud of their adult choir. Consider joining the group and sharing your God given talent.

**We are in need of a new Lector** for Sunday, 8:00am Mass, for the months of January, April, October. Tommy Petersak graciously volunteered for July while home from college. That leaves us short for 3 months out of the year. Don't be shy and don't wait for the other guy to step up. *The smallest good deed is better than the grandest intention.*
