**Act of Entrustment and Consecration
Of Priests to the Immaculate Heart of Mary
Prayer of His Holiness Benedict XVI**

Immaculate Mother, In this place of grace, called together by the love of your Son Jesus The Eternal High Priest, we, Sons in the Son and his priests, consecrate ourselves to your maternal heart, in order to carry out faithfully the Father's Will.

We are mindful that, without Jesus, we can do nothing good (cf. Jn 15:5) and that only through him, with him and in him, will be instruments of salvation for the world.

Bride of the Holy Spirit, obtain for us the inestimable gift of transformation in Christ. Through the same power of the Spirit that overshadowed you, making you the Mother of the Saviour, help us to bring Christ your Son to birth in ourselves too. May the Church be thus renewed by priests who are holy, priests transfigured by the grace of him who makes all things new.

Mother of Mercy, it was your Son Jesus who called us to become like him: Light of the world and salt of the earth (cf. Mt 5:13-14). Help us, through your powerful intercession, never to fall short of this sublime vocation, nor to give way to our selfishness, to the allurements of the world and to the wiles of the Evil One.

Preserve us with your purity, guard us with your humility and enfold us with your maternal love that is reflected in so many souls consecrated to you, who have become for us true spiritual mothers.

Mother of the Church, we priests want to be pastors who do not feed themselves but rather give themselves to God for their brethren, finding their happiness in this. Not only with words, but with our lives, we want to repeat humbly, day after day, our "here I am".

Guided by you, we want to be Apostles of Divine Mercy, glad to celebrate every day the Holy Sacrifice of the Altar and to offer to those who request it the sacrament of Reconciliation.

Advocate and Mediatrix of grace, you who are fully immersed in the one universal mediation of Christ, invoke upon us, from God, a heart completely renewed that loves God with all its strength and serves mankind as you did.

Repeat to the Lord your efficacious word: "They have not wine" (Jn 2:3), so that the Father and the Son will send upon us a new outpouring of the Holy Spirit. Full of wonder and gratitude at your continuing presence in our midst, in the name of all priests I too want to cry out: "Why is this granted me, That the mother of my Lord should come to me?" (Lk 1:43).

Our Mother of all time, do not tire of "visiting us", consoling us, sustaining us. Come to our aid and deliver us from every danger that threatens us. With this act of entrustment and consecration, we wish to welcome you more deeply, more radically, for ever and totally into our human and priestly lives.

Let your presence cause new blooms to burst forth in the desert of our loneliness, let it cause the sun to shine on our darkness, let it restore calm after the tempest, so all mankind shall see the Salvation of the Lord, who has the name and the face of Jesus, who is reflected in our hearts, for ever united to yours!

Amen

Big Brothers Big Sisters is currently looking for persons to mentor a brother and sister in the Georgetown-Ridge Farm area. The boy, age 11, enjoys being outside, animals and music. The girl, age 8, likes dolls and to play games. They both have friendly personalities and enjoy people and love attention. This is a good opportunity for a couple to mentor together. Call 446-6601.

NURSE'S CORNER

Melanoma: With the beginning of summer and hot weather on the horizon, sun bathing and excessive exposure to the sun is a likelihood. Precautions should be taken to limit sun exposure as it is one of the leading causes of melanoma. Melanoma is a skin cancer that can spread rapidly. Although it is less common than other types of skin cancer, the rate is steadily increasing. It is the leading cause of death from skin disease. The primary symptom of any skin cancer is usually a mole, sore, lump or growth on the skin. Any change in appearance of a pigmented skin sore over time is a warning sign. Also, watch for any bleeding from a skin growth. The ABCD system may help you remember features that might be symptoms of melanoma:

- **Asymmetry:** One half of the abnormal area is different from the other half.
- **Borders:** The lesion or growth has irregular edges.
- **Color:** Color changes from one area to another, with shades of tan, brown, or black (sometimes white, red or blue). A mixture of colors may appear within one sore.
- **Diameter:** The trouble spot is usually (but not always) larger than 6 mm in diameter-about the size of a pencil eraser.

The key to treating melanoma is recognizing symptoms early. You might not notice a small spot of concern if you don't look carefully, so perform self-examinations monthly, and schedule a formal skin exam with a dermatologist yearly. (information from Yahoo Health licensed from A.D.A.M.)

St. Mary's has completed another year of CCD. Thank you to the dedicated teachers who worked so hard to teach and prepare our young people with a solid foundation of their Catholic Faith.
